RE: Site Inspection, Terra Resources, LLC., Frisco White Mine (S/001/046), and Southern White/Mountain Rose (S/001/047), Beaver County, Utah

Date of Inspection: September 14, 1999

Time of Inspection: 12:00 noon

Conditions: Sunny, warm

Participants: Jeff Sagers, Terra Resources, LLC.; Tom Munson, DOGM

I met with Jeff Sagers to visited two new operations; one was a red marble and the other a white marble. We basically looked at the two operations that were recently permitted. The red marble was a long two track road which would be upgraded so they could haul marble out of the site. The white marble was a larger operation that would need to be initiated immediately to supplement their current white marble.
